

# **Hand Book Of Veterinary Internal Medicine**

**Hamed Attia  
Hatem Selim**

# Plate 1 Diseases of digestive system

**Stomatitis**

**Pharyngitis**

**Parotitis**

**Choke**

**Simple indigestion**

**Tympany**

**Traumatic reticulitis**

**Traumatic reticulitis**

# Plate 2 Diseases of digestive system

**Melena**

**Abomasal ulcer**

**Left abomasal displacement**

**Peritonitis**

**Calf scour**

**Diarrhea**

**Naso-gastric tube**

**Fascioliasis**

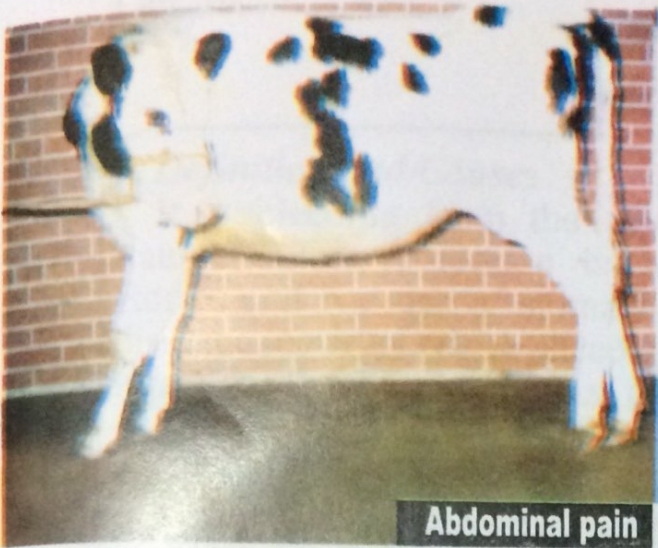

**Diarrhea**

**Ascites**

# Plate 3 Diseases of digestive system

**Abdominal pain**

**Ileo-cecal intussusception**

**Flatulent colic**

**Spasmodic colic**

**Jaundice**

**Jaundice**

**Rumen protozoa**

**Ruminal impaction by a plastic bag in goat**

# Plate 4 Diseases of respiratory system

Unilateral epistaxis

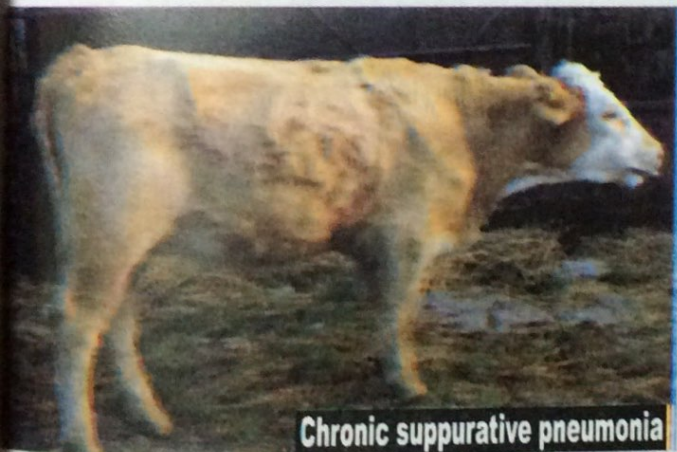

Bilateral nasal discharge

Chronic alveolar emphysema

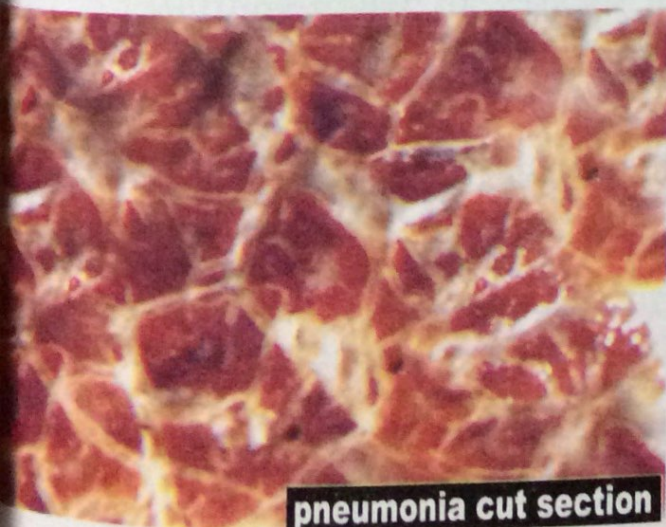

Guttural pouch tympany

Chronic suppurative pneumonia

Atypical interstitial pneumonia

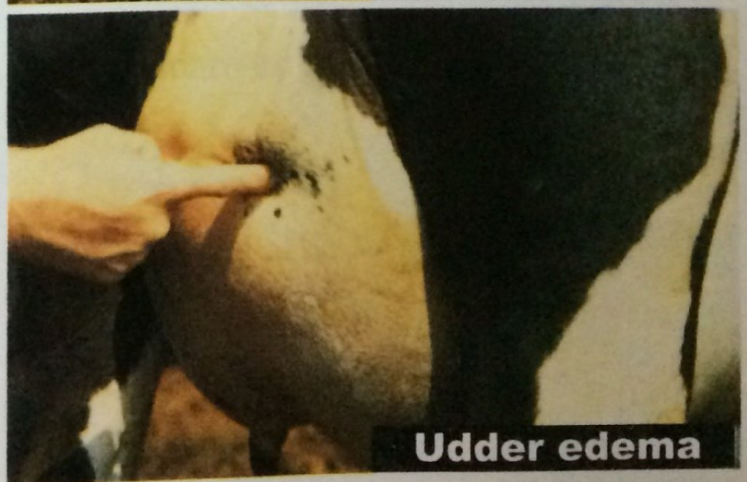

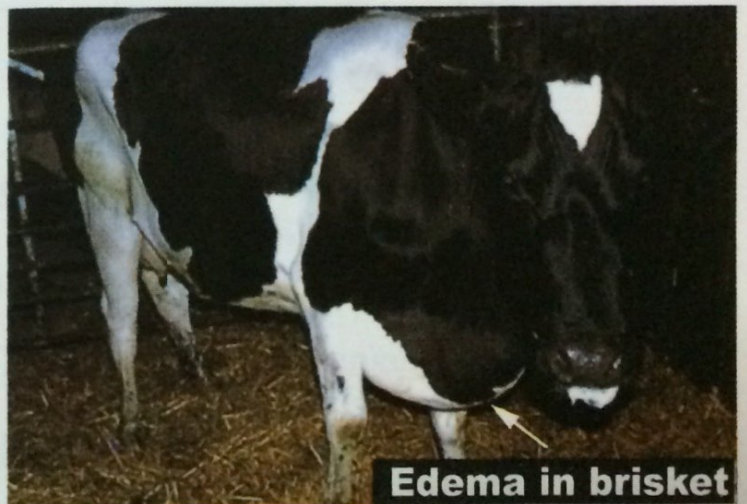

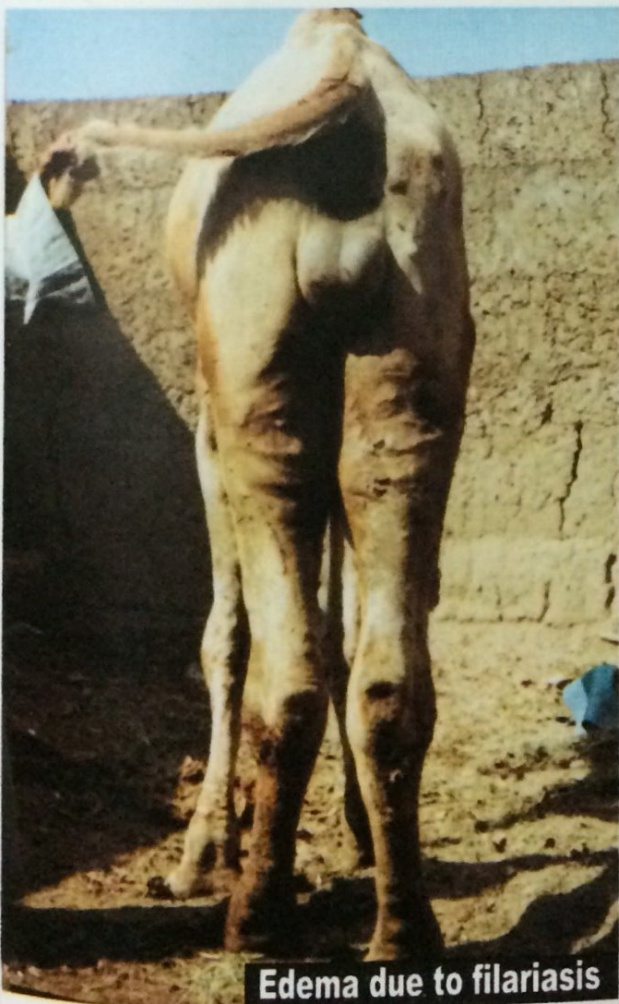

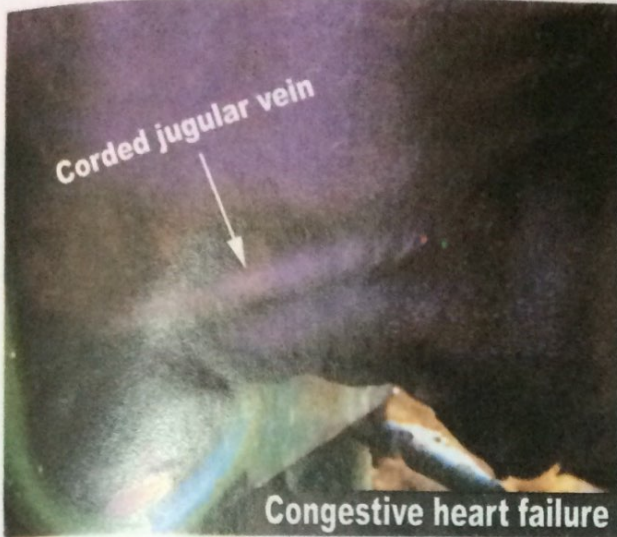

pneumonia cut section

Verminous bronchitis

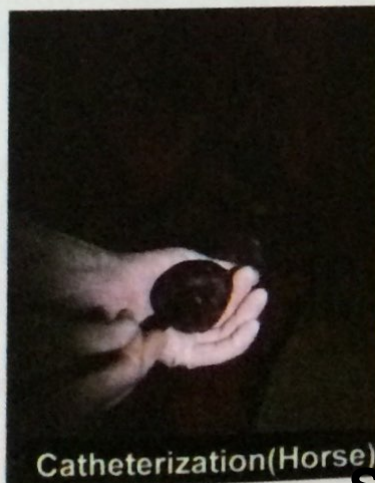

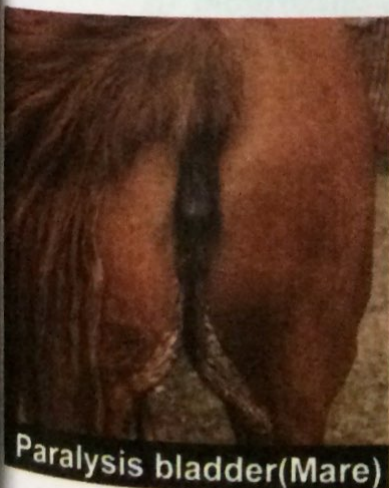

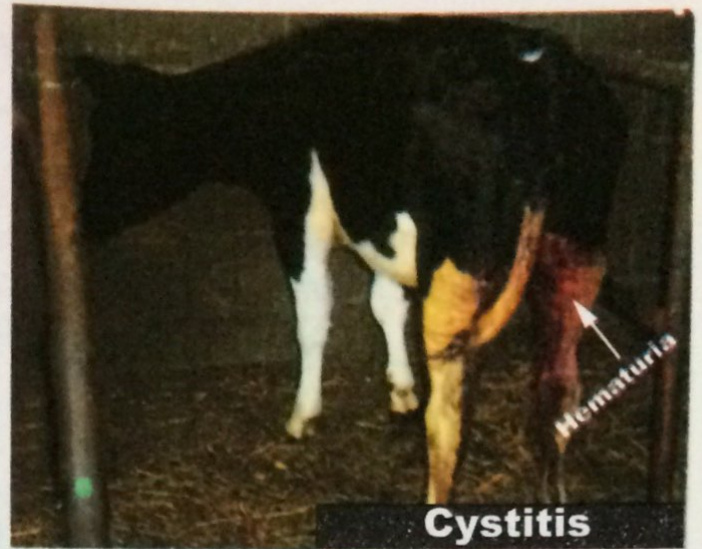

# Plate 5 Diseases of cardiovascular system

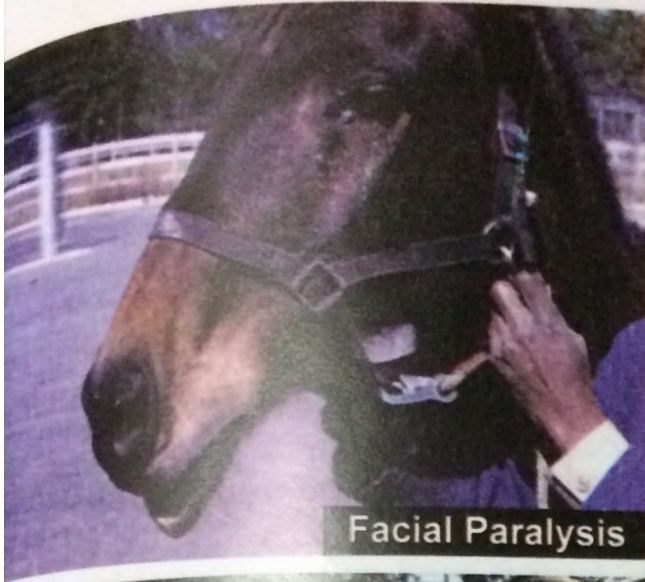

## Plate 6(a) Diseases of urinary system

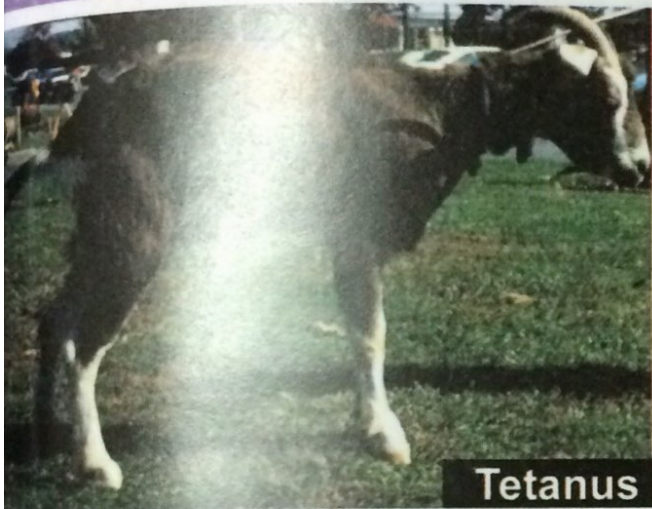

## Plate 6(b) Diseases of nervous system

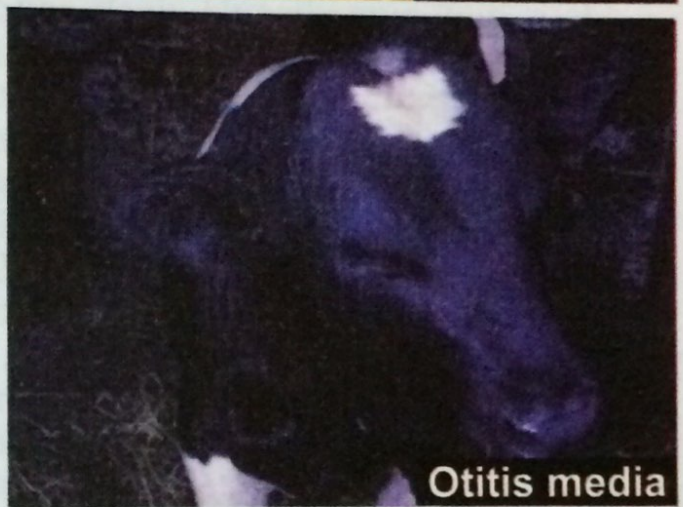

Facial Paralysis

Rabies

Tetanus

Otitis media

Meningitis

Meningitis

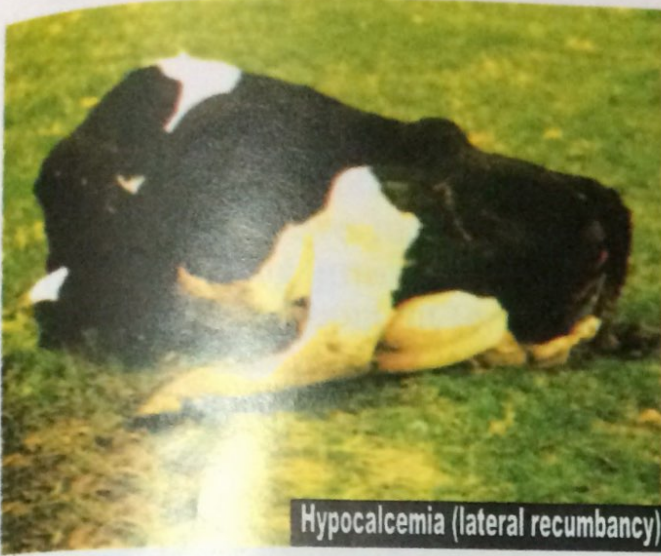

Encephalitis

Encephalitis

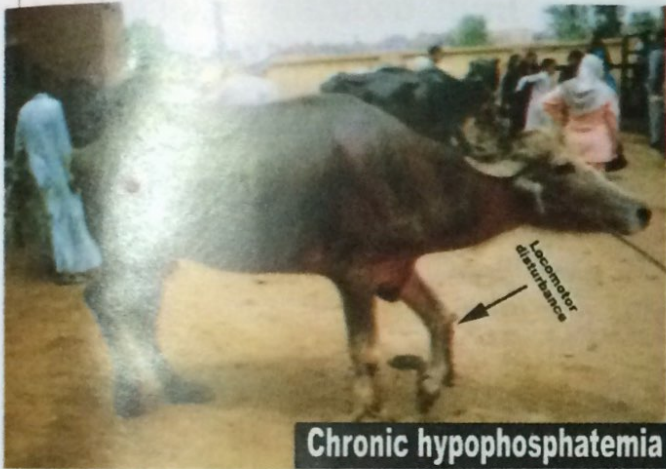

# Plate 7 Metabolic diseases

Hypocalcemia (lateral recumbancy)

Hypocalcemia (sternal recumbancy)

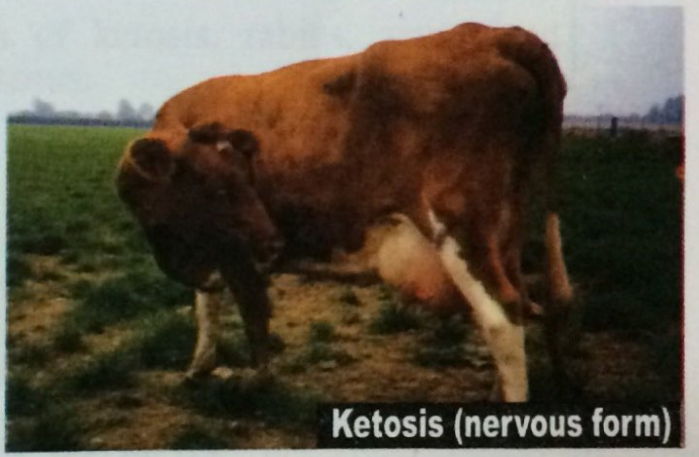

Chronic hypophosphatemia

Hypophosphatemia

Ketosis (wasting form)

Ketosis (nervous form)

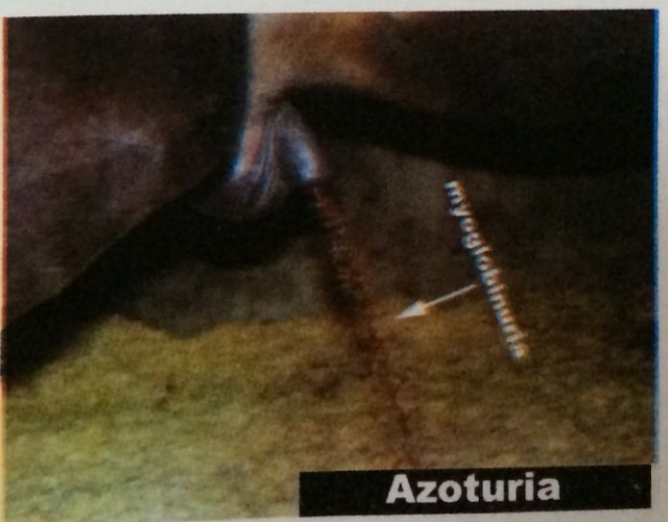

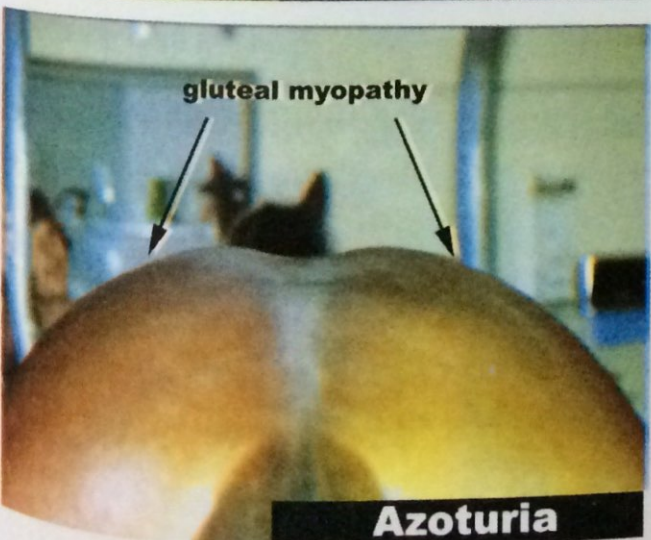

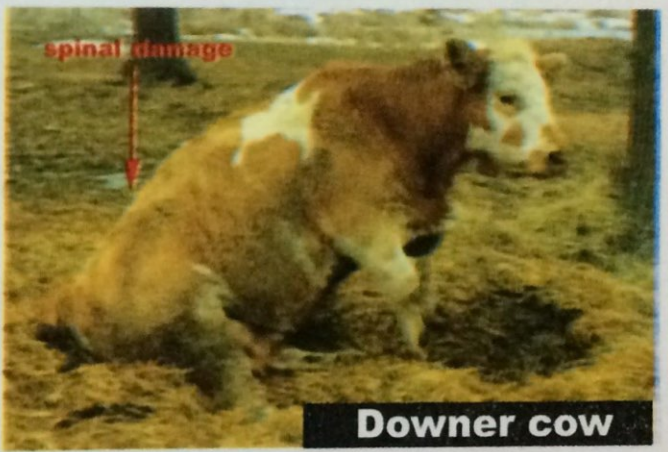

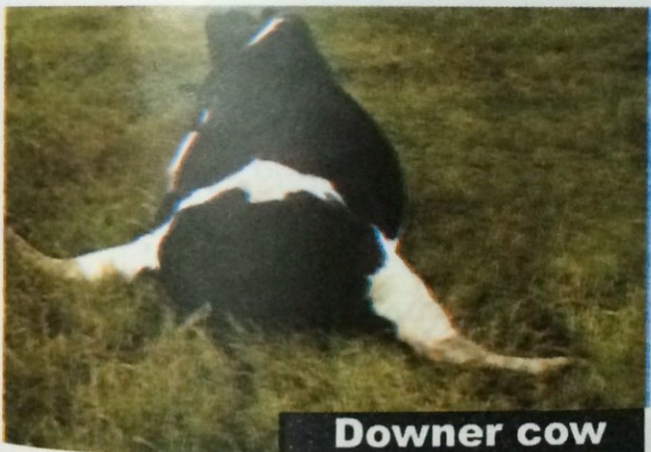

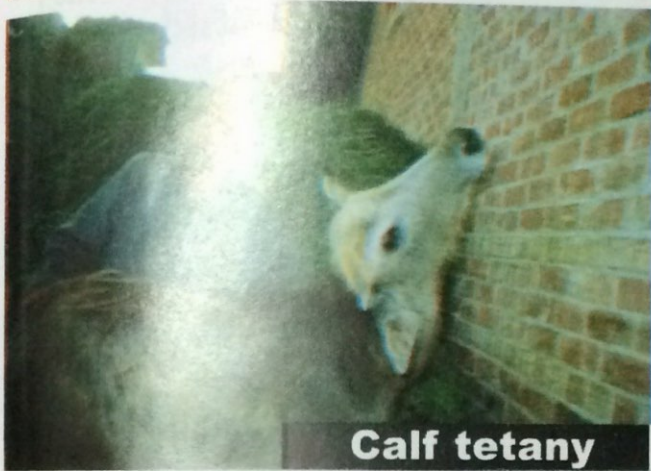

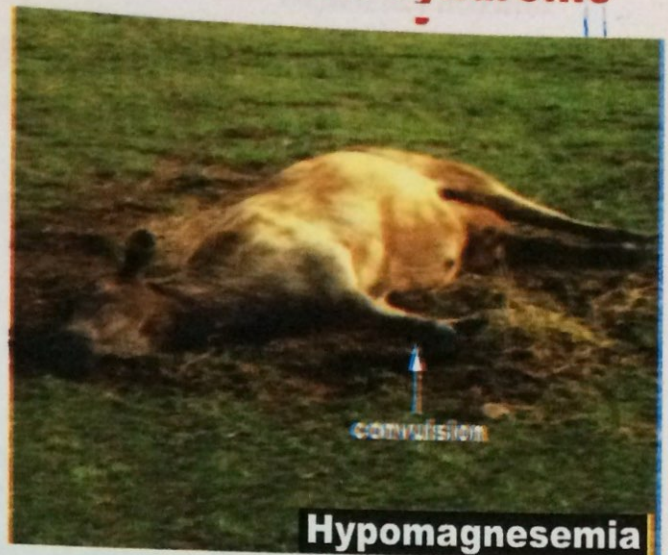

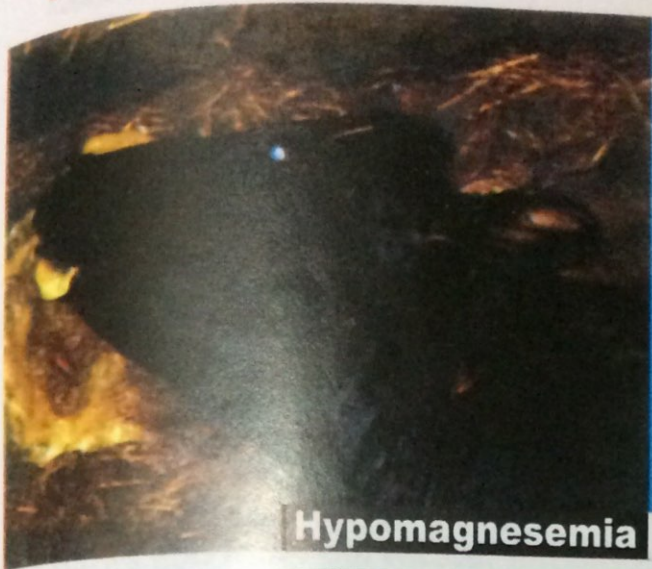

Pregnancy toxemia

Pregnancy toxemia

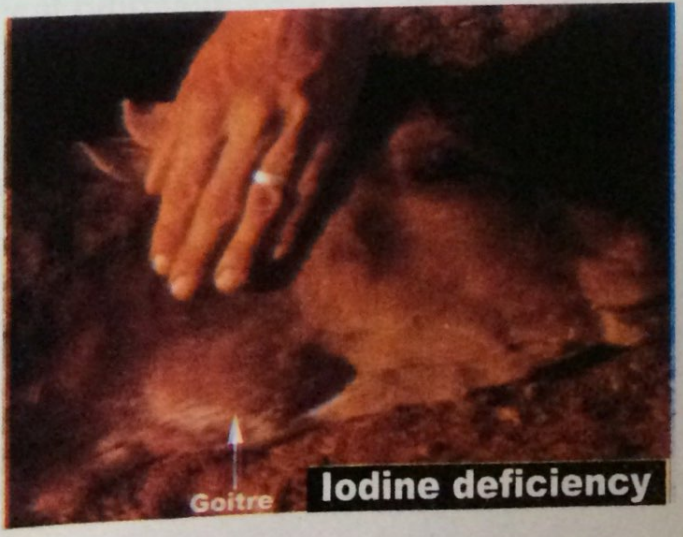

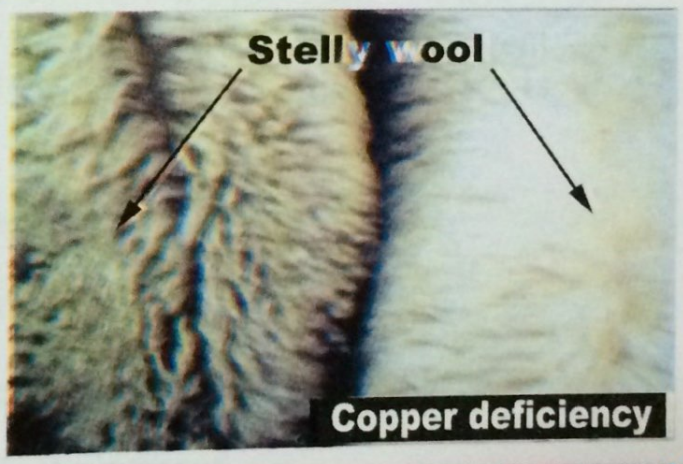

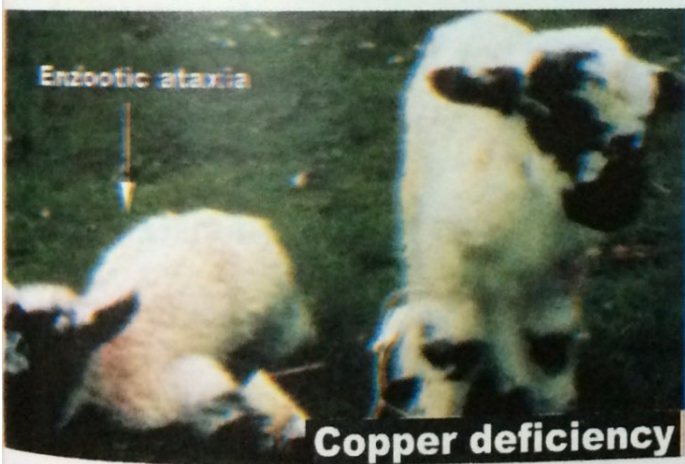

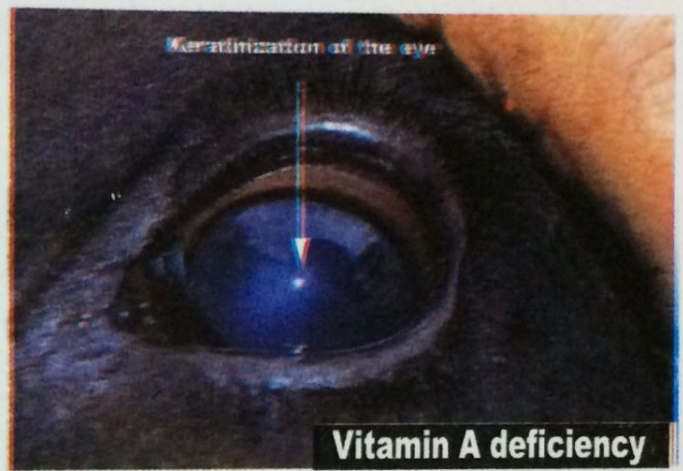

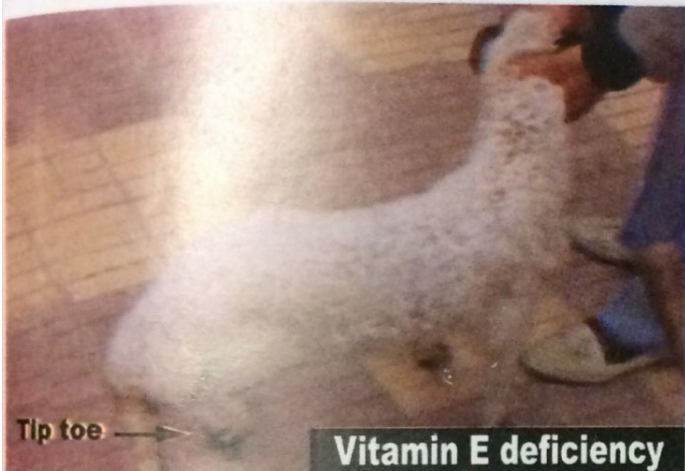

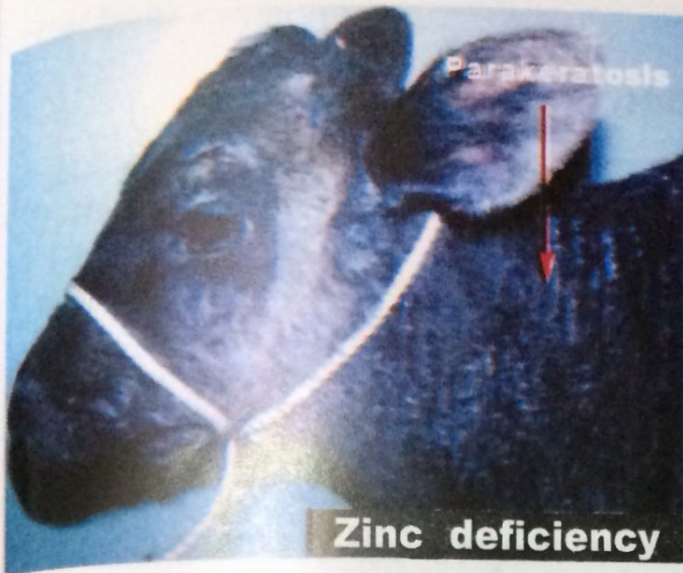

# plate 8 Metabolic diseases and downer cow syndrome

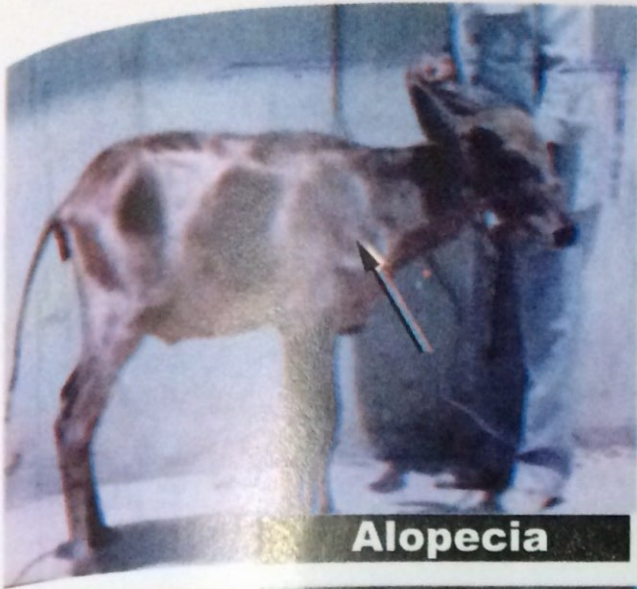

# plate 9 Deficiency diseases

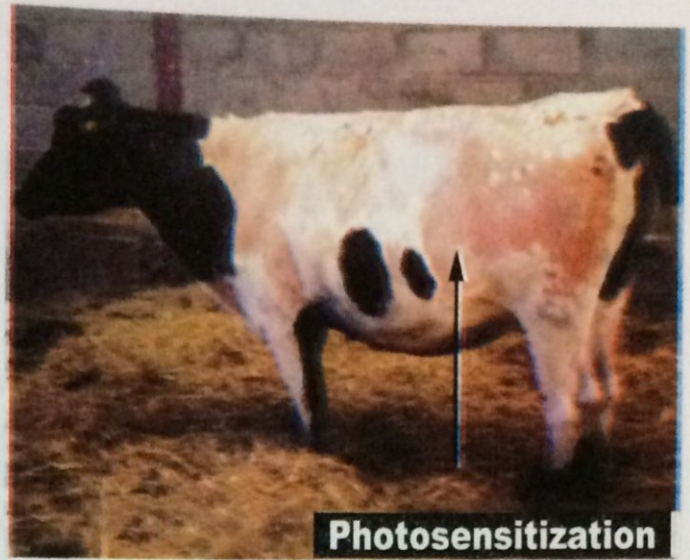

# Plate 10 Skin diseases

**Alopecia**

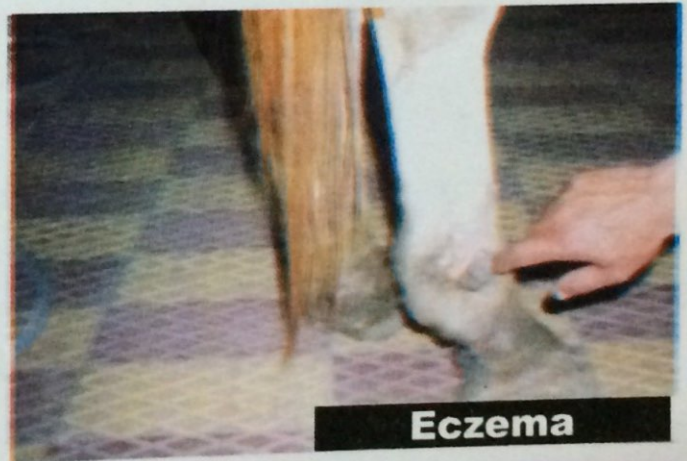

**Photosensitization**

**Alopecia**

**Urticaria**

**Eczema**

**Facial eczema**

**Ulcerative dermatitis**

# plate 13 Fecal examination of cattle and sheep

**Fasciola**

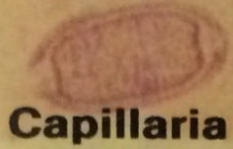

**Paramphistomum**

**Trichostongylus**

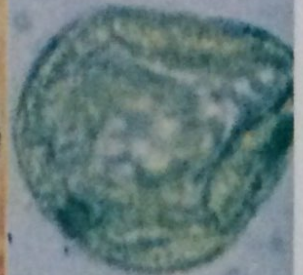

**Chabertia**

**Capillaria**

**Toxocara vitulorum**

**Moniezia**

**Ostertagia**

**Nematodirus**

**Bunostomum**

**strongyloides**

**Oesophagostomum**

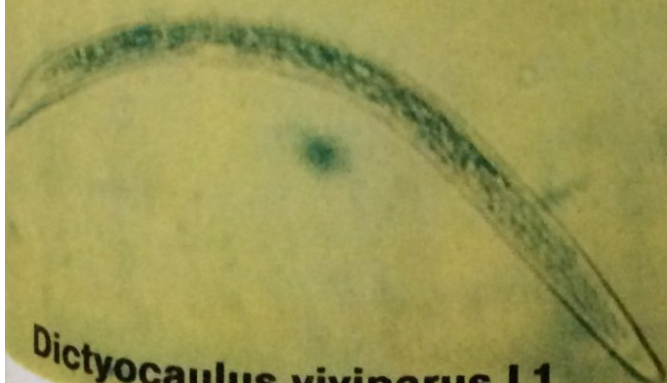

**Cooperia**

**Hemonchus**

**Trichuris**

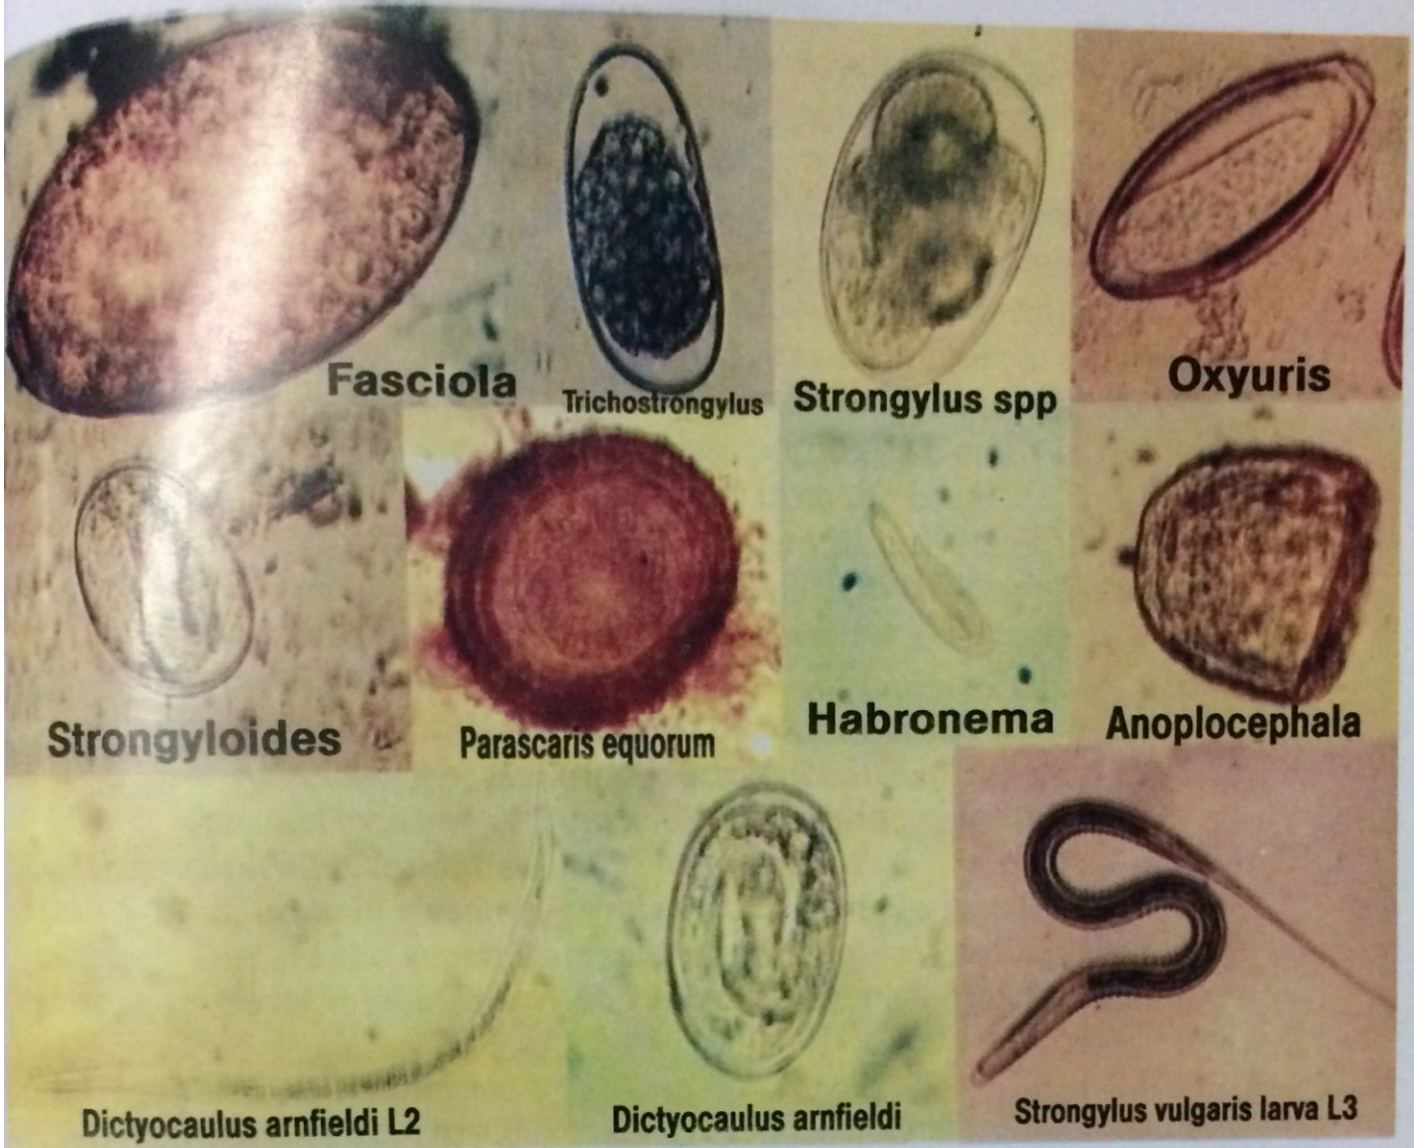

**Dictyocaulus viviparus L1**

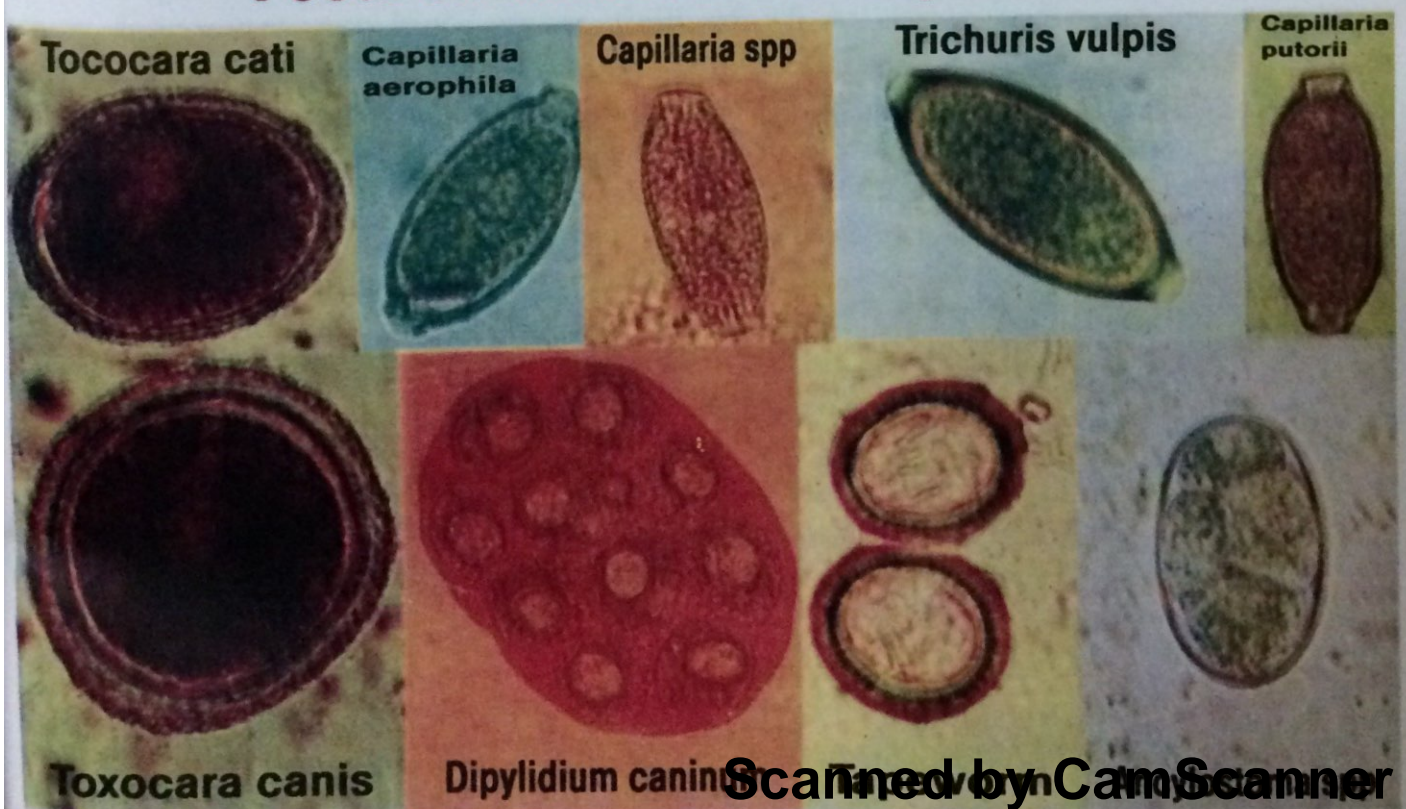

**Dictyocaulus filaria L1**

# plate 14 Fecal examination of hourse

## Fecal examination of dog and cat

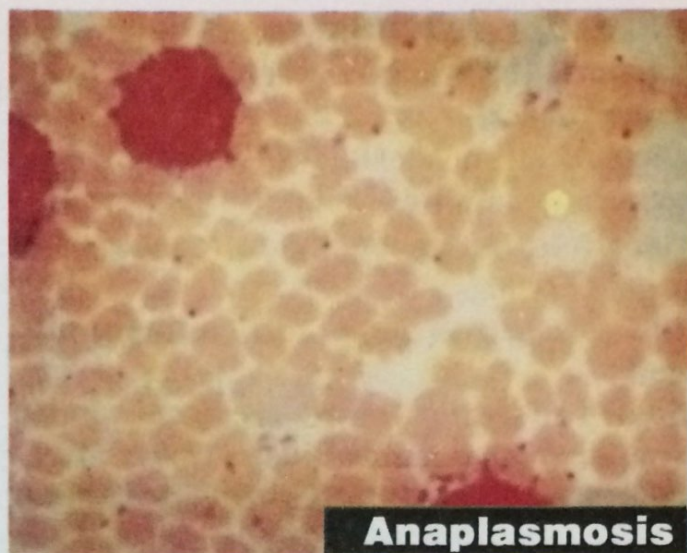

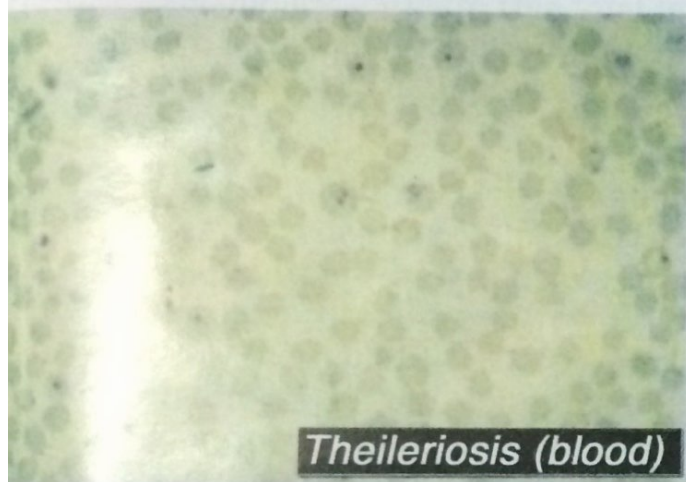

# Plate 17 Blood film and skin scrabing examination

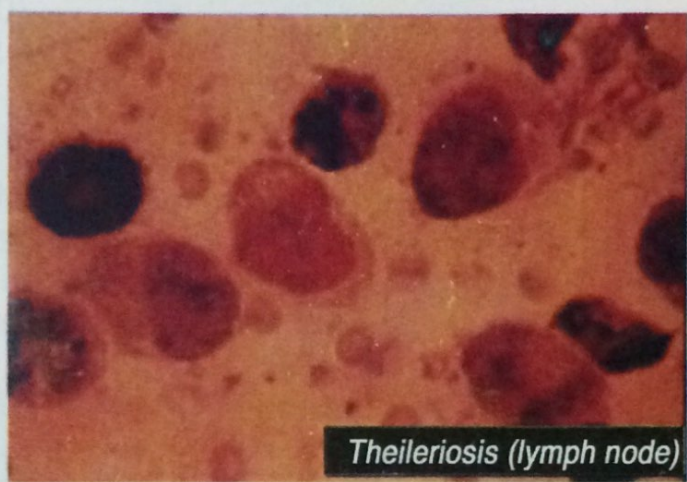

**Babesiosis**

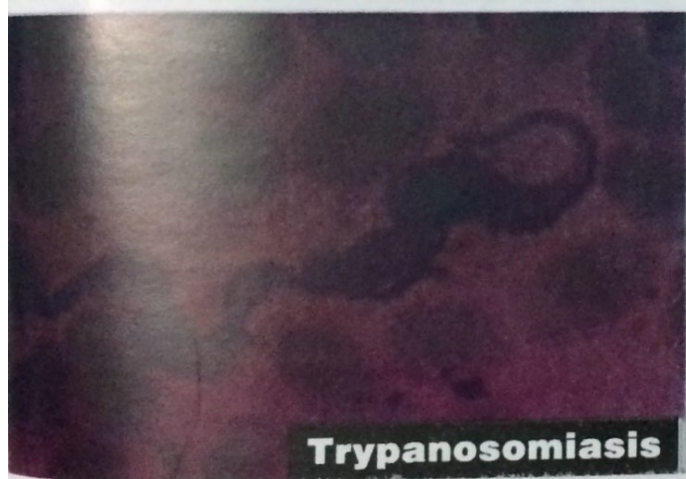

**Anaplasmosis**

**Theileriosis (blood)**

**Theileriosis (lymph node)**

**Trypanosomiasis**

**Filariasis**

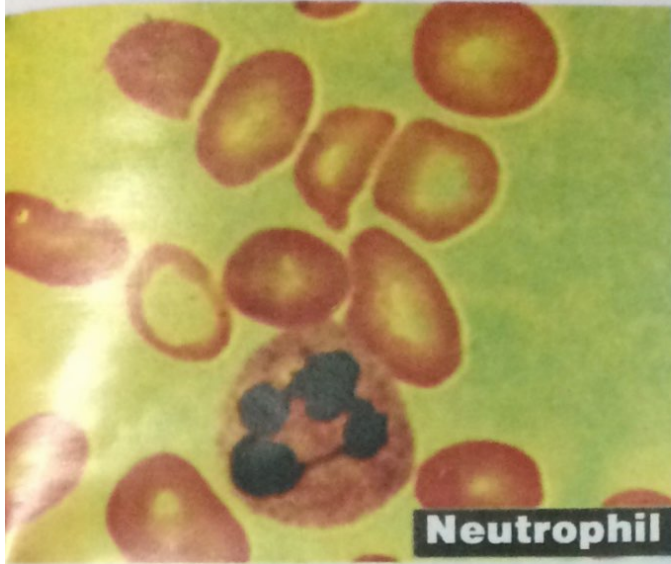

**Psarcoptes mite**

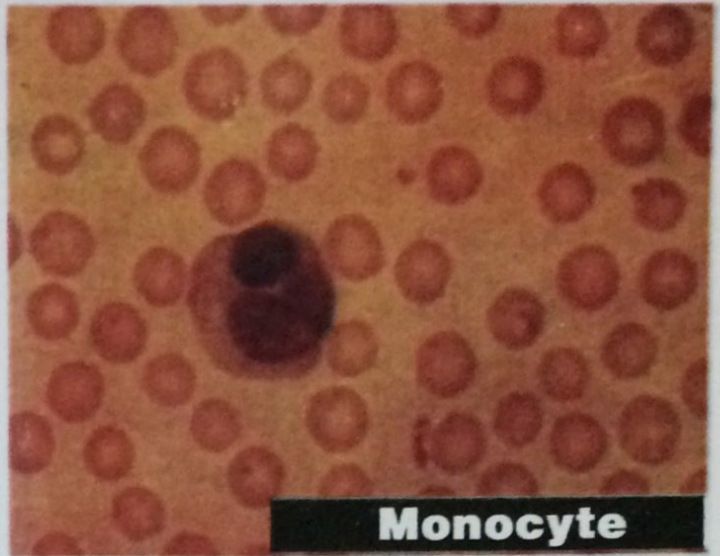

**Psarcoptes mite**

# Plate 18 Differential leucocytic counts

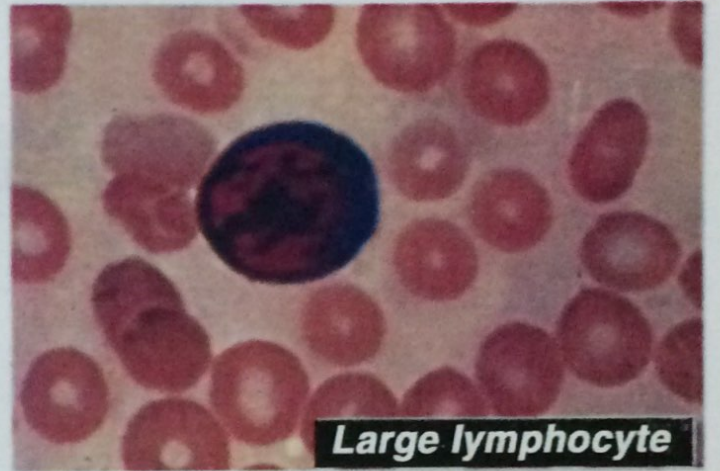

**Neutrophil**

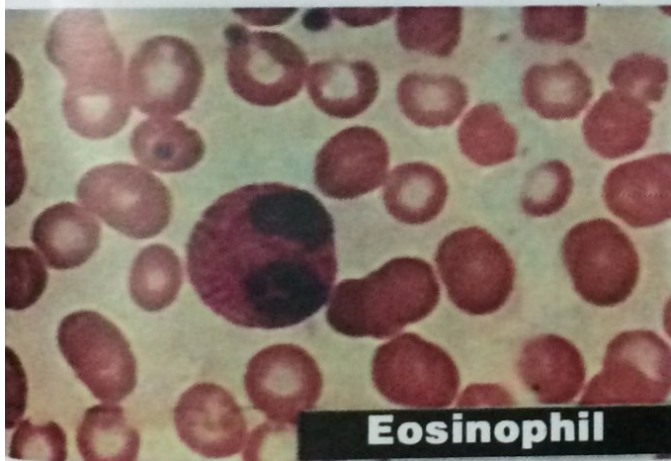

**Monocyte**

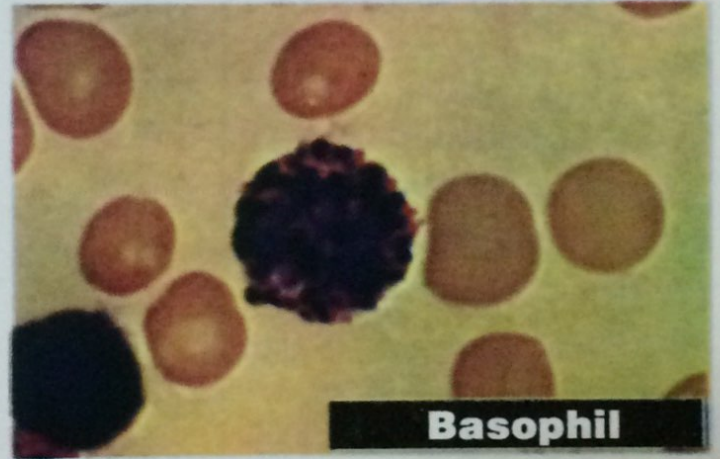

**Small lymphocyte**

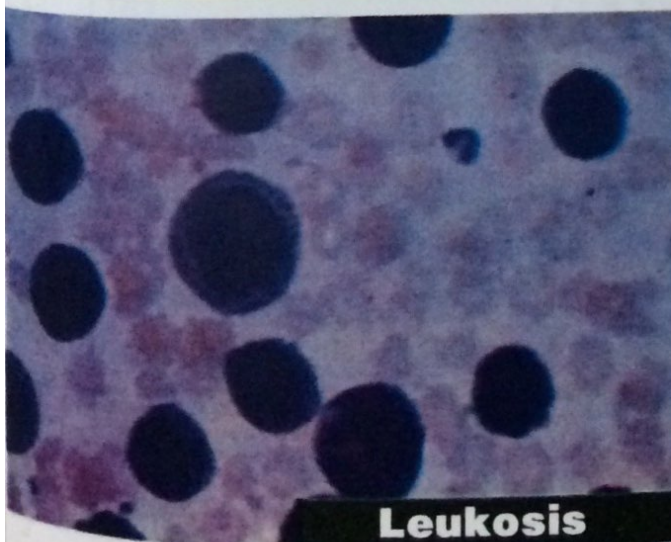

**Large lymphocyte**

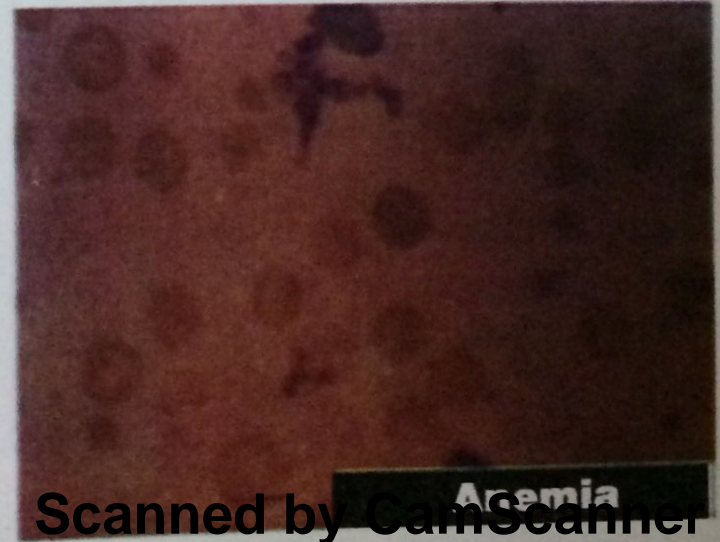

**Eosinophil**

**Basophil**

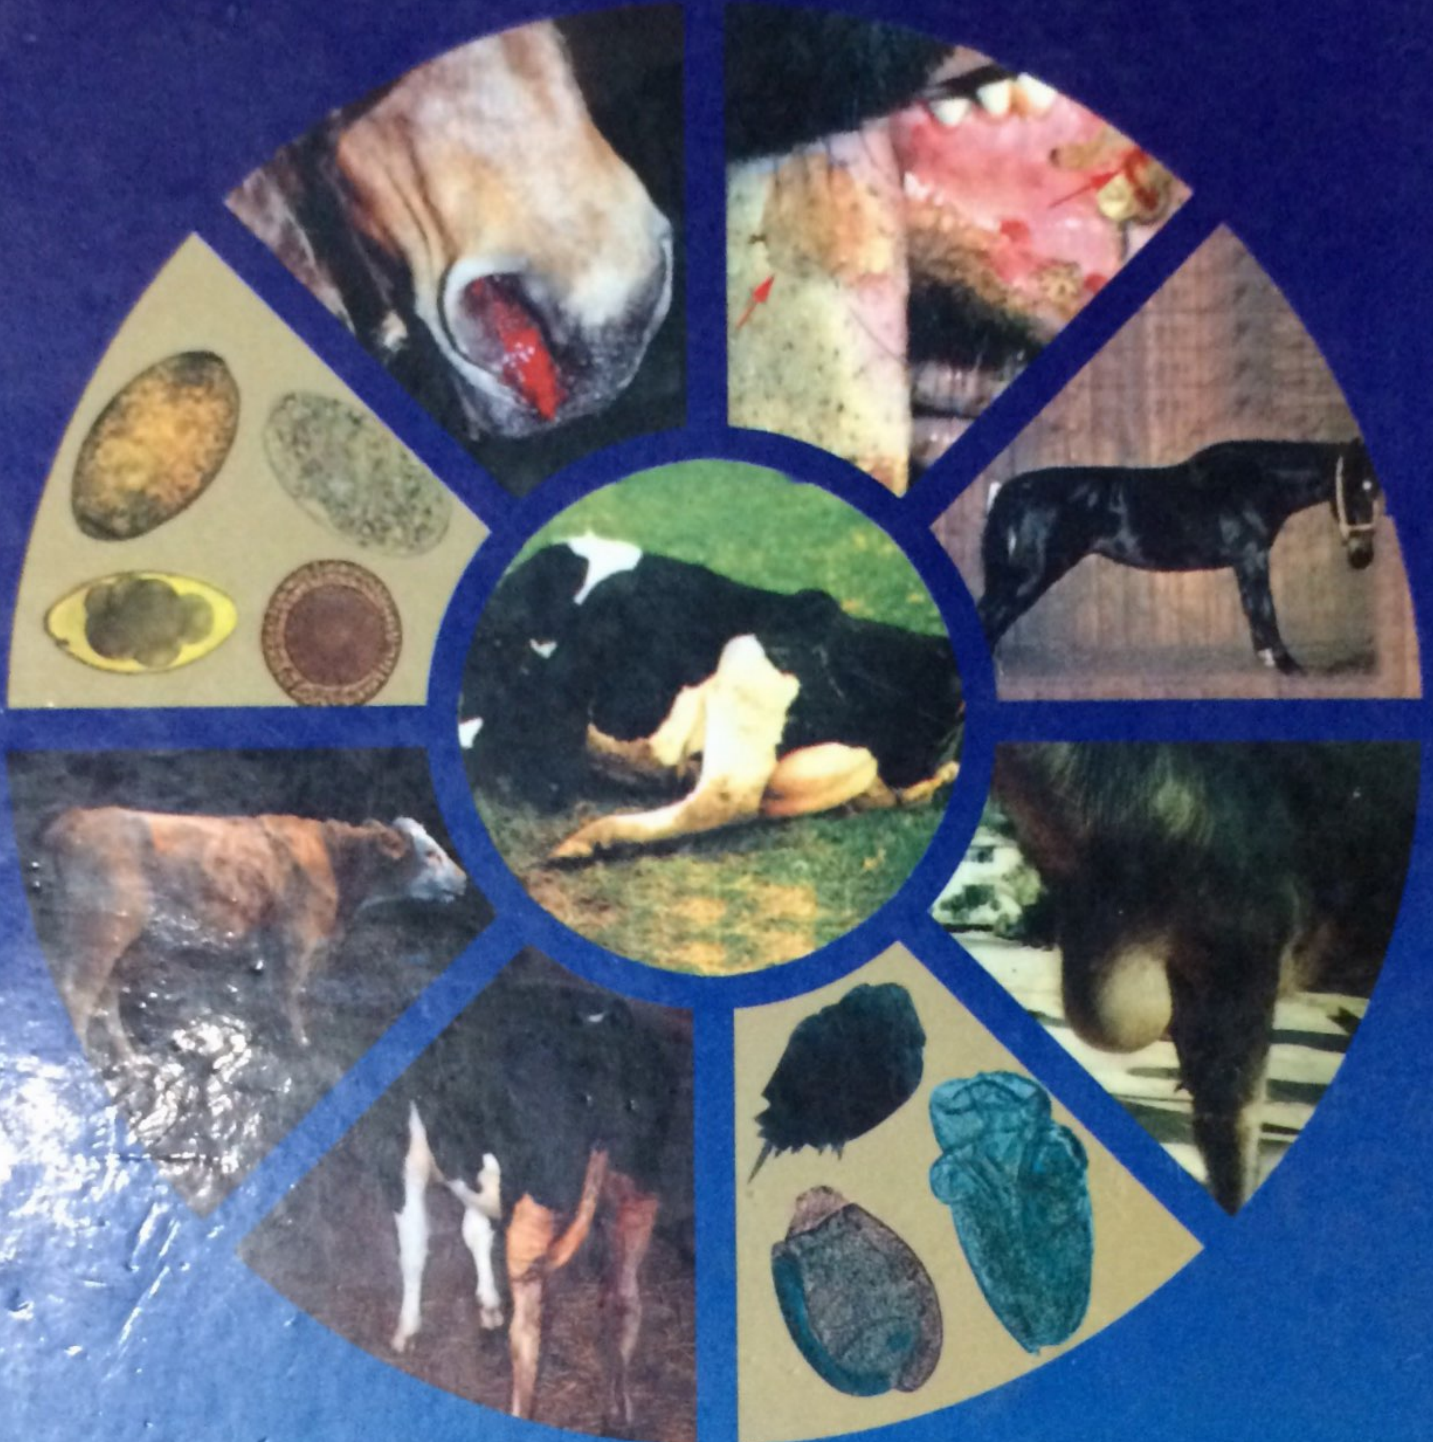

**Leukosis**

**Anemia**

# **This Book Provides a Summary Of The Important Internal Medicine Diseases In Domestic Animals**

**This Book Aimed  
For Field Veterinarian**
